

# Haggai Value Purchase **HV**

A SOLID FOUNDATION FOR YOUR ASSETS.

**With silver and gold you are always ,right on the money'. For thousands of years, both precious metals have proven themselves as money that has never become worthless. They are an elementary component of holistic prosperity. Even though there are various ways to invest in silver and gold, the indispensable basic investment consists of physical pieces of commercial weight.**

A particularly practical form of investment is our Haggai medals, made with high minting quality. Due to their special design, they function as a useful medium of exchange in good times as well as in times of crisis. In contrast to commercially available coins and bars, our medals are deliberately not stamped with the emblem of a country, a bank or a mint, which therefore cannot claim any ownership rights.

With a saying of the prophet Haggai, which is embossed in Hebrew characters on our medals, we point to the Creator of all things, whose precious values we are allowed to administer as free human beings. Did you know that during the time of the American gold ban under President Roosevelt, „religious precious metal“ was exempt from confiscation?

In the Haggai Value Purchase you can choose from medals in both silver and gold with a weight of 1/4 ounce (7.775g) and one ounce (31.104g). The medals allow you to store values in a small space.

## **Why Haggai gold medals?**

Our gold medals provide the anchor for your wealth. By investing in them, you protect yourself from the consequences of currency devaluation, the failure of financial institutions and the consequences of possible financial crises. Because gold has proven its consistent purchasing power for goods of daily use for thousands of years.

## **Why Haggai silver medals?**

Our silver medals are long-term added value for your assets. Like gold medals, they are bank-independent real money, as they were in the days of Abraham. And due to declining global silver stocks, silver medals, combined with historically high demand, offer high chances of appreciation in the long term - even relative to gold.

## **Who is the Haggai Value Purchase suitable for?**

This basic investment in silver and gold is the ideal entry point for private individuals who value the security of real ownership of precious metals. Stored at home and easily accessible, the medals are a proven private means of payment and are also completely free of third-party rights. Due to fluctuations in precious metal prices on the stock exchanges, an investment horizon of 2-3 years is recommended for gold; for silver you should think even more long-term. In the combination of the two precious metals and the different weight units, investments can be made according to individual needs and a personal investment strategy can be implemented.

## Your advantages

1. Haggai medals are a reliable store of value at home, independent of the state and the bank.
2. With the Haggai silver medals you have a chance to increase in value compared to gold.
3. With the Haggai gold medals you secure a part of your assets against the loss of purchasing power and thus preserve assets for generations.
4. Use the Haggai medals as a proven means of exchange for 'bartering' (professional exchange of goods and services).
5. The 1 ounce and 1/4 ounce silver Haggai are ideal for everyday goods. The 1 ounce and 1/4 ounce gold Haggai are particularly suitable for real estate transactions and car purchases.
6. Benefit from excellent redemption conditions with the silver Haggai if you need to exchange into local currency.
7. If necessary, you can store your Haggai medals temporarily or permanently insured by us.

## How can I invest in the Haggai Value Purchase?

The prerequisite is that you place a binding minimum order of 100 ounces of silver or 2 ounces of gold. The minimum combined investment amount is 40 ounces of silver and 1 ounce of gold. We recommend between 300 and 700 ounces as a domestic silver reserve, depending on the size of the household, in order to be able to exchange food and goods for daily needs over an extended period of time. The recommended minimum for gold is 1 ounce per capita plus 2 ounces per CHF 100,000 of real estate value in order to be able to keep one's property in any market situation.

## What distinguishes our products?

Our gold medals are high-quality minted, individually encapsulated with an integrated certificate of authenticity. Our high quality minted silver medals are delivered in transparent tubes of 20 pieces each. The tubes are sealed and filled with argon gas, which ensures that the silver does not tarnish. They are transported in sturdy wooden crates. The shipment is fully insured, so there is no risk for you. We also offer storage in a Swiss security warehouse with comprehensive insurance cover at normal market rates.

## The facts

### Precious metal products

Our gold medals are round bars and are exempt from VAT. They are available individually encapsulated in 1/4 ounce (7.775 g) or 1 ounce (31.104 g) quantities, with a purity of 999.9. Our silver medals are subject to statutory VAT, provided that no margin taxation applies on resale. They are available in tubes of 20 pieces each as 1/4 ounce (7.775 g) or 1 ounce (31.104 g) quantities, with a purity of 999.9 (alternatively: the fineness here is at least 999.5).

### Sustainability

Our raw material suppliers are certified and adhere to the OECD guidelines for precious metals supply chains.

### Minimum order quantities

The binding minimum order is 100 ounces of silver or 2 ounces of gold, which can be increased for silver in full 20-ounce tubes and for gold as desired. The minimum combined order quantity is 40 ounces of silver and 1 ounce of gold. Minimum quantities can also be fulfilled in whole or in part by the correspondingly higher number of 1/4 ounces.

### Delivery and Shipping

Delivery is made in sturdy wooden boxes. The shipment for goods up to 20 kilos or 20,000 CHF in value costs 30 CHF. Deliveries are fully insured. For larger orders, additional

shipments are made at a later date and are subject to a charge. Alternatively, individual packages are possible via value logistics providers. Current delivery times must be taken into account.

### Storage option

We can also store your precious metals in fiduciary safe-keeping in a Swiss security warehouse with comprehensive insurance cover. The annual costs including insurance amount to 1 percent of the current value of the goods plus VAT. Delivery is possible within 3 working days, subject to cases of force majeure.

### Effective trading

Precious metal prices are also subject to intraday fluctuations. The prices on [bb-wertmetall.ch](http://bb-wertmetall.ch) are valid at the time of issue and are therefore subject to change. The exact purchase price will only be determined upon processing of the purchase application received. In the case of purchase orders which are correct in content and complete and which reach our order processing department by 12.00 noon, processing will take place on the same day - in the case of later receipt, on the morning of the next trading day.

Purchase, exchange and redemption prices, as well as information and forms can be found at: [bb-wertmetall.ch/haggai-wertkauf](http://bb-wertmetall.ch/haggai-wertkauf)
