Barter purpose (only for barter transactions)

The customer hereby instructs BB Wertmetall AG to sell / barter silver granules to the value of the specified quantity as soon as possible after receipt of the application or by (date). As far as possible, the sale shall take place at preferential prices within the customer's own stock and the transfer is made in favour of the reference account on file. The barter price corresponds to the purchase or exchange price.

Withdrawal plan with regular sales orders

A withdrawal plan offers the possibility of having a certain sum paid out regularly from sales of silver granules, for example for the provision of an old-age pension. As a precondition for this, a minimum quantity of 2 talents must have been in the S-Deposito account for at least 12 months.

The customer hereby instructs BB Wertmetall AG to make transfers to the debit of his/her above-mentioned S-Deposito, with prior sale of the corresponding quantity of silver at the redemption prices, in favour of the stored reference account.
